FAILURE TO SEND SON TO SCHOOL BRINGS CITATION

Charged with failure to send his son to school, Charles Ochoa, a Mexican residing in the Upland district, has been cited to appear in Justice Fred H. Jacobs' court Tuesday morning at 10 o'clock.

The complaint was signed by Harold W. Cook, superintendent of the Upland school district.

The defendant has not been arrested, Judge Jacobs stated, but has been cited to appear at the hearing.

Ochoa lives at the corner of Bowen street and Bodenhamer avenue in Cucamonga, which is within the Upland school district, and is employed by the Buehler Tank Works at Cucamonga.

The complaint alleges he failed to send his son, Charles Ochoa, Jr., who is under 16 years of age, to junior high school as required by law.

Judge Jacobs said such complaints have been relatively rare in the past but that school authorities are alert to require attendance of pupils who are required to be in school classes.

She learned her first English four years ago and spoke with considerable ease in telling the Uplanders of her interesting experiences.

JACK WISELY MISSING IN ACTION

One sad telegram has been received about John H. "Jack" Wisely, and today his parents, Mr. and Mrs. A. M. Wisely of Camp Baldy are hopefully awaiting another telegram saying the U. S. navy petty officer is safe.

Just prior to Thanksgiving, the parents received a message stating their son was missing in action in the South Pacific. He was a petty officer, having served in the navy since September, 1942. A Chaffey graduate, the popular student was employed at the Douglas Aircraft plant in Santa Monica before joining the service.

He was assigned to the Great Lakes Naval Training station for boot camp training and then attended the Wentworth Machinist Mate school at Boston, Mass., from which he was graduated with honors. He was assigned to the navy refrigeration school at York, Pa.

In York he met Miss Joyce Wiseman and the couple had announced their engagement. At the time of his leave some months ago, Miss Wiseman came here to visit him and his parents.

EXTEND INTEREST IN VETERAN GIFTS

More churches, civic groups and other organizations are participating in the collection of Christmas boxes for hospitalized service men this year than took part last year, but there are also more wounded war veterans in hospitals now than 12 months ago, according to Mrs. J. B. Craig, chairman of the camp and hospital committee of the Upland chapter, American Red Cross.

The American Legion is sponsoring a nation-wide campaign to collect Christmas boxes for hospitalized veterans, and the Upland Red Cross has merged its efforts with the Upland Legion post's drive here.

Mrs. Craig stated that organizations collecting Christmas boxes may inscribe the boxes with the organization name at their option. The Red Cross last year did not identify names of donors, but the Legion in some instances this year is carrying names of assisting groups on the boxes, and that practice may be followed in the Upland district if desired, she said.

In the Upland Red Cross area are groups at Cucamonga and Alta Loma under the direction of Mrs. J. D. MacPherson, and Etiwanda under the guidance of Mrs. Mark Hickcox. San Antonio Heights and Camp Baldy are included in the Upland district.

Christmas boxes may be delivered either at the Red Cross headquarters or the Selective Service office December 12 or 13, and the Legion will deliver them to the hospitals.

Mr. and Mrs. Charles E. Roberts had as Thanksgiving day guests at their home on Central avenue, Mr. Roberts' mother, Mrs. M. J. Roberts; Mr. and Mrs. Wilbur H. Spicer, B. H. Spicer of Pomona, and Mr. and Mrs. Herbert Minor and son, Bobby, of Cucamonga.

A family Thanksgiving dinner was held yesterday at the home of Mr. and Mrs. George N. Gray, 489 North Ninth avenue. Their guests included Mrs. Gray's parents, Mr. and Mrs. William A. Carr, 62 West Arrow highway, and her brother-in-law and sister, Mr. and Mrs. Paul Groomer, and their children, Billy, Carol Linda and Gordon, who motored from Pasadena.

RENOWNED PIANIST TO BE HEARD AT CONCERT TUESDAY

For 20 years Alexander Brailowsky has been recognized as one of the world's greatest pianists. Next Tuesday evening at 8:15 o'clock, he will inaugurate the fourth concert series in Chaffey auditorium under sponsorship of the Civic Concert association.

Since 1924 he has toured the United States almost every year with great success. He has been heard in all the capitals of Europe and has toured South America eight times. Bi-annually since 1935, Belgium's most gifted pianist has been awarded a music prize in Brailowsky's honor.

Twelve times Brailowsky has presented the entire 169 works of Chopin in six recitals. "Mr. Brailowsky, one would say, was born to play this music," Olin Downes commented following a New York recital.

Brailowsky plays Chopin music with caprice, irony, sadness and a remarkable range of tone color and nuance of dynamics and of rhythm and that utmost intimacy and spontaniety of manner.

The program Tuesday will be in three parts, with Chopin's music presented in the second part.

Opening the concert, he will play Concerto in D Minor, Maestoso, Fugue, Largo, Finale, by Vivaldi; Pastorale and Capriccio by Scarlatti, and Sonata in F Minor, Opus 57 (Appassionata), Allegro assai, Andante con variazioni, Allegro ma non troppo and Presto, by Beethoven.

Chopin music to be presented in the second part includes Fantasy-Impromptu, Ballade in G minor, Nocturne in F sharp major, Waltz in E flat major, and Ponosaise in A flat major.

Following intermission, he will play Prelude in G major by Rachmaninoff, Ritual Dance of Fire by De Falla, Impromptu in F minor by Faure and Hungarian Rhapsody No. 6 by Liszt.

Bees Swarm Over Auto Parked On Second Avenue

Thousands of wild bees swarmed over a green sedan parked on Second avenue near Ninth street Wednesday afternoon.

Wary pedestrians, fearful of being stung, gave the car wide berth.

Upland police department was notified and summoned Beekeeper William Atchley who quickly learned the reason. A queen bee had become tarred and was stuck at the rear of the car, unable to fly.

Mr. Atchley found the queen, clipped her wings so she could not fly again, and put her in a chip basket, placing a few other bees with her. Within a few minutes, almost all the bees were in the basket and Mr. Atchley took them home so that no one would be stung.

"If people knew their habits, bees can be handled in a manner that they will not get stung," Mr. Atchley stated.

"If the bees had been struck or fought, such persons would have been badly stung. In this instance, the police department acted quickly and no one was hurt," he concluded.

COORDINATORS TO GET VET REPORTS

Whether or not a discussion of psychiatrical aids to returning veterans may be a community forum topic and whether or not Chaffey schools can train community women to assist shell-shocked soldiers will likely be known next Thursday evening, Mrs. P. W. Rohrbaugh, chairman of the Upland Coordinating council, reported today.

The council will meet next Thursday evening at 7:45 o'clock in the Girl Scout house.

Mrs. Rohrbaugh said that Wiley W. Mather, Chaffey college professor of social sciences, has discussed possibilities of an open lecture on psychiatry of shell shock with Dr. Theodore Perkins of Claremont college, and that Dr. Perkins will suggest the names of men qualified to speak expertly on the subject. But whether the discussion will be a community forum topic is not decided. The forum has an open date in March, but that date was left unscheduled for the purpose of securing a returned war correspondent.

Classes to teach Red Cross or Upland Junior Welfare league members or other volunteers the proper handling of mentally disturbed veterans has been discussed with Chaffey school officials and a decision has been promised before next Thursday if possible.

AUTO COLLIDES WITH TRAIN; FIVE INJURED

Three of five persons injured when the car in which they were riding Wednesday night struck a Santa Fe switch engine are recovering today in San Antonio Community hospital and one has been released, but the condition of the fifth is reported only fair.

Mrs. Dolores Upton, 35, who was returning to Chicago with her husband, James B. Upton, 31, has been making slow progress toward recovery. Mr. Upton sustained a crushed chest, it was stated today.

DID NOT SEE TRAIN

He told Upland Police Lieutenant Ralph H. Palmer and Officers Alfred A. Bolsta and Joe Valadez that he was traveling about 35 miles an hour eastward on Foothill boulevard and did not see the switch engine until it was too late to avoid striking it. At a distance of 20 feet, he saw the flare in the fire box, swerved sharply to the left and hit the engine tender. The car was dragged 42 feet and became wedged under the tender. It was damaged beyond repair and was towed to a garage in Ontario.

B. F. Clapp of San Bernardino, Santa Fe locomotive engineer, told the police officers the train crew was moving two freight cars north on the spur track and had stopped south of Foothill boulevard to permit an automobile to pass. The engine started up again and was crossing Foothill boulevard at eight miles an hour. Engineer Clapp reported the automobile seemed to be traveling fast and that the driver did not seem to see the train in time to avoid the accident.

Mr. Upton is employed by the Glider Trailer Co. at Chicago and hauls trailers to California. He was returning to Chicago with three passengers who were sharing expenses.

FOUR HURT BADLY

Mrs. Upton, who was most seriously injured, was in the front seat of the car beside her husband and was pinned between the top of the auto and the washboard when the car crushed under the weight of the locomotive tender. She is reported to have suffered a crushed chest, compound injuries to her right leg, facial injuries and severe shock.

Mrs. Dorothy Hollarbrush, 23, of Woodstock, Ill., a passenger sitting on the right side in the rear of the car, suffered a broken nose, facial cuts and bruises and shock. WAR BOND SALES REACH $135,000 IN UPLAND DRIVE

War bond sales in Upland since the opening of the sixth loan drive until today amount to $135,000, Marion W. Grothe, acting chairman of the Upland War Finance comimttee, announced. Upland's quota is $375,000.

Mr. Grothe said the committee is pleased with results to date. Of the total subscribed, $125,000 represents sales to individuals, nearly halfway toward the goal of $275,000.

Sales to corporations this morning amounted to only $10,000, but corporations react more slowly than do individuals and indications are that the $100,000 quota will be reached within a few days.

War bonds are on sale at the Upland postoffice and the two banks. Individuals may purchase bonds without being contacted by committee solicitors and Upland will receive credit.

J. W. Shepperson, chairman of the Upland War Finance committee, who has been away for several months, will be back in Upland within a few days, Mr. Grothe said.

Each solicitor has been assigned a list of persons with whom contact will be made.

If the campaign progresses satisfactorily, house-to-house canvasses will not be made. With Christmas coming and with almost everybody busy in wartime tasks, it is the committee's hope that house-to-house canvassing will not be necessary.

"You" Can Have a Strong Voice in Making Plans for the Future

Upland 25 years hence—

It is timely for Uplanders to think of the city of the future.

Changes are ahead.

"Upland will not be able to stop developments but it can give them direction to the best advantages of the community," Gordon Whitnall said at a public forum here Monday night. In that statement he spoke a truth that is generally accepted. That statement offers a challenge to the residents of today.

What are we going to do to meet the developments that are certain to come?

The city planning commission is the "sounding board" for public sentiment. As individuals we can express to members of this board our views. Through the commission we can have a vital part in directing plans for the future.

One of the spokesmen for the commission has said this: "The city of Upland, through its planning commission, can only assist in pointing the way to an orderly development and growth of the city. It can only assist by providing a forum for the presentation and discussion of ideas by those interested in the welfare and future of their community. In the last analysis, the plans conceived can be carried out only by the people, by their approval and support of the plans considered beneficial to the whole community."

An Extra Bond Is the Least You Can Do in the Drive

The sixth war loan is not just the "other fellow's" job. It is yours. The Upland quota, the national quota and the individual share—all these can be attained only as we civilians "shoulder arms" in this campaign.

It has been said many times that you only lend your money while many servicemen give their lives. But however often that statement is made, it does not become any less true.

So, be sure you do your part in this drive. Invest an extra $100—or more. And keep all the war bonds you buy. It's the least you can do.

Nation-Wide Bible Reading Should Include Every Person

There is inspiration in the movement to get everyone to read the same passages of the Bible every day from now until Christmas. Non-Bible readers should refer to the selected 33 passages and this united nationwide reading can bring comfort, inspiration and guidance to the war-weary millions.

Hundreds of pastors were asked to suggest passages for the special Thanksgiving to Christmas reading and the most popular selections were chosen for the 33 days. The News today lists the passages for the coming week and the selections will be published weekly.

INSTITUTE TOLD HOME COLOR USE

Color can make a home warm and friendly or can give it quiet dignity, Fred Monhoff of the University of California extension division declared at the Home Planning Institute meeting Wednesday in Merton E. Hill auditorium.

Attendance at the session was the largest since the series opened and numbered approximately 150 persons.

Mr. Monhoff stated bright colors such as red, orange and yellow and intervening shades will make a home stand out in a block, while the subdued colors, blue, green, indigo and purple, cause a house to recede into the background. The choice of outside colors should be governed by background, use of shrubbery, and other homes nearby.

He said the trend now is toward use of brighter colors and added two contrasting colors can be used effectively as they are unbalanced and one dominates.

Miss Dorothy Peterson, Woodbury college instructor and decoraton of movie stars' homes, said planning is 90 per cent of interior decoration. Shades of walls, ceilings, rugs, drapes and furniture should be chosen in their entirety before any are selected, she said.

Rooms having northern exposures should be bright and gay white those facing south can use darker colors more appropriately, she explained. One color may dominate a room, but not more than one or two subordinate colors should be employed.

In decorating a living room or dining room, colors should be selected to appeal to both masculine and feminine occupants and guests. The dull blue, gray and green colors with masculine appeal can be used effectively with feminine pastels, orange, yellow or red, she declared.

Beulah Freshmen Feted by Sophomores

Beulah college academy sophomores entertained the freshmen at an old-fashioned party recently and the dinner was preceded by games in the barn at the Roy Franklin residence, West Eleventh street.

Spoon holders, toothpick holders, salt "sellers", "pitchers" of milk and tin cups were some of the old-time utensils introduced to the young people. Bales of hay served as seats around the table. VEHICLES COLLIDE, HYDRANT BROKEN

Collision of a Ford coupe and an International truck at Eleventh street and Fifth avenue Wednesday afternoon caused a water hydrant to break and drench streets in the Upland junior high and Elementary school district.

A. Bryden, 36, of 639 Pine street, was traveling south on Eleventh street when his car and a truck driven by H. A. Whitten, 33, of 16 Twelfth avenue, employed by H. C. Meek, collided. The truck was going west on Fifth avenue.

The coupe was knocked against a curb, breaking the hydrant. Only other damage was to the Ford, which had a tire blown out and a bumber torn off.

CAGE SEASON TO OPEN JANUARY 12

Varsity basketball prospects are uncertain at Chaffey high school this year as Coach Karl Kaiser is faced with the task of building a quintet without any of last year's first string players.

Chaffey will play in the California Interscholastic Federation and the first game is scheduled with Pomona January 12, here.

Tryouts were held this week and 40 boys turned out for places on the varsity five.

Riverside, San Bernardino, Colton and Redlands are in the league with Chaffey and Pomona and each team will play two rounds with the season closing in mid-March.

Chaffey's schedule is as follows:

Jan. 12—Pomona, here.
Jan. 19—Chaffey at Riverside.
Jan. 26—San Bernardino, here.
Feb. 2—Chaffey at Colton.
Feb. 9—Redlands, here.
Feb. 16—Tigers at Pomona.
Feb. 23—Riverside here.
March 2—Chaffey at San Bernardino.
March 9—Colton, here.
March 16 — Chaffey at Redlands.

Prior to the hurricane of October 19th, Florida's grapefruit shipments in the new season were 2,700 cars compared to 550 cars to that date in the previous season.

There is no truth in the thought that the large number of hunting licenses has anything to do with the milk shortage.

Honey Fell From Clouds, Upland Beekeeper Says

Honey figuratively fell from the clouds in Upland early this month when rainfall measuring as much as 10 inches was recorded in some sections, according to William Atchley, one of the best known among the Chaffey district's 90 beekeepers.

Civilian consumers and the United States navy will buy all the honey and beeswax produced, but harvest of the 20,000 Chaffey district colonies this past summer was very disappointing.

The heavy, early moisture, however, promises a large wildflower crop with a corresponding heavy honey harvest next year.

BEES HELP WIN WAR

The navy uses beeswax to coat the bottoms of submarines and war boats, which prevents accummulation of barnacles and gives the boats three knots greater speed and allows them to remain in the water three times as long.

Late spring and cold fog in April and May resulted in the short crop this year. In 1943, Mr. Atchley reports, California harvested 30,000,000 pounds of honey, one-tenth of United States production, and of that 60 per cent came out of the seven southland counties. Exact figures have not yet been compiled on this year's harvest, but Mr. Atchley's 2000 hives last year returned him 600,000 pounds of honey and this year averaged only 60 pounds per hive.

GET THREE HARVESTS

When the orange blossoms go out of bloom, Chaffey district beekeepers move to the wild sage and buckwheat areas on the desert, then to the lima bean fields in Ventura and Santa Barbara counties. By moving, three harvests are returned instead of only one.

Year by year more and more beekeepers have been settling in the Upland area because the orchards are irrigated for citrus fruits. It is ideal, but with one disturbing factor. Upland growers have taken to the use of arsenic of lead and nicotine to destroy insect pests and those poisons also destroy bees. Heretofore, lime and sulphur or tartar of emmic was used as insecticide and did not harm the bees.

BUYERS BRING TRUCK

Honey producers have been beset with manpower problems, but the honey demand has been so heavy that beekeepers have been able to sell output right at their places of business. Honey buyers at Los Angeles, San Diego, Fresno and San Francisco have sent their buyers here to get the honey and truck it away themselves.

Mr. Atchley has been handling only his own hives during the past two years and has not been buying other producers' crops. However, for the last 30 years he has been official United States honey grader and weigher for the west coast and still retains that position.

He came to Upland in 1918 from Beeville, Texas. That is dry farming country and sometimes droughts last two or three years. He was anxious to locate in an irrigated district and picked out Upland for that purpose. His business is at 132 North Campus avenue.

Five Uplanders Among Six Chaffey High Juniors Awarded Letters and Gold Footballs

Five of six Chaffey high school juniors awarded letters at the high school assembly Wednesday and presented gold footballs emblematic of Chaffey's C.I.F. championship are Upland residents.

The five are Kenneth Hemingway, Bob Brown, Harold Cook, Leonard Davis and Garth Anderson, and, with William De Young of Ontario, will likely form the nucleous of next year's first string Tiger team.

Kenneth Hemingway is the son of Mr. and Mrs. Harold Hemingway, proprietor of Karakul Fur Farms. Bob Brown is the son of Mr. and Mrs. George Brown, 481 Eighth avenue. Harold Cook is the son of School Superintendent and Mrs. Harold W. Cook. Leonard Davis is the son of Mr. and Mrs. J. E. Wilson, 1905 West Arrow highway. Garth Anderson is the son of Mr. and Mrs. Arlin Anderson, 450 WesWt Ninth street.

The five played together on the Upland junior high school team in 1942.

Three Uplanders were among the 12 seniors winning letters. They are Bob Sachs, son of Mr. and Mrs. Roy E. Sachs, 217 South Second avenue; Lowell Moore, son of Mr. and Mrs. Ernest J. Moore, 1855 West Arrow highway, and Bud Stark, son of Mr. and Mrs. H. B. Stark, who now reside in Ontario.

EVERY RESIDENT IS ELIGIBLE

Every family in Upland, Alta Loma, Cucamonga, and Etiwanda is included in the Upland Merchants' Dividend Day. A directory has been especially compiled by The Upland News. This directory includes every house address in these communities—Upland, the outlying district, and the three communities east of Upland.

A page number and line number are selected in a drawing to determine where the "Dividend Day Man" will call with the award. Thus, an address is selected from the directory. If the family receiving the call qualifies by having sales slips, the award is presented. The call is made at 6 p. m. every Monday. The sales slips must be dated Saturday.

The dividend sales do not have to be for cash, a "charged" sales slip being acceptable. In all fairness, however, a sales slip for payment on account cannot be eligible for use on dividend day.

(COPYRIGHTED JOE DOWNEY)

To be eligible to receive all of the jack-pot, your total purchases from two or more stores may be for

ONLY $1.00

All of jack-pot may be won if person has two or more sales slips from two or more stores with total purchases over $1.00.
$5 if person selected has one sales slip.
$10 if person selected has two or more sales slips showing total purchases under $1.00.
$1 if person selected has no sales slip.

STARTS LIKE THIS:
"Darling—When I get so old—so fragile, and so sweet
That even MEN on street cars rise—to offer me a seat . . . ."

Yeah—I seen it on a Christmas Greeting Card—just one of a flock of clever, colorful greetings that carry cheerful, heart-warming sentiments to friends and relatives. Seems like that's one good way to spread a bit of cheer these war holidays.
Can add a bit of written message on 'em, too—and that gives a homey touch with your name boldly signed to it.
Too, civilians tucked away in odd war jobs, as well as the guys and girls fed up with routine in the various armed services, welcome the pep, color, sparkle and gay, festive air of these convenient and inexpensive carriers of good cheer.
Put on your old gray bonnet—and, if need be—your glasses, and feast your soul on our crop of greeters. They're right in front of your eyes, down front of The Human Service Station. Special racks for relatives, service people and wot not. Got 'em in boxes, too, various sizes and values—box of 21 for 49c, etc. Let's get 'em in the mail—as Tony would say—Mail 'em "oily"!

WILL READ BIBLE UNTIL CHRISTMAS

All Upland churches are participating in a nationwide plan to encourage every American to read the Bible daily between Thanksgiving and Christmas.

Men and women on the battlefronts and their people at home will be reading the same passage each day. This will help to establish between them a spiritual bond which knows no limits of distance.

Many in the armed forces have written asking their families and friends to join them in the reading.

Passages most helpful in times like these have been chosen, one for each day, by a canvass of more than 100,000 pastors and 6000 chaplains.

Passages selected are:

Today—John 14.
Saturday—Psalm 23.
Sunday—Psalm 1.
Monday—Matthew 5.
Tuesday—Romans 8.
Wednesday—I Corinthians 13.
Thursday—Psalm 91.
Friday—Matthew 6.
Saturday—John 3.
Sunday, Dec. 3—Isaiah 40.

Bookmarks listing the daily passages will be distributed by the millions in churches, in service camps, in pay envelops, over store counters, by chaplains and pastors, in mailings, by house to house church visitation, and from neighbor to neighbor. They are available for every pastor and for every community.

Violinist To Play At Church Service

Miss Gloria Gise, Chaffey high school student with orchestra experience, will play violin solos in the Missionary Baptist church at Sultana avenue and Eighth street Sunday evening at 7:30, Mrs. Pauline Mathers announced.

Miss Gise will offer "Old Rugged Cross", "In the Garden of Prayer", and other selections.

A sermon will be given by the pastor, the Rev. Lee Findlay.

MANY JOIN IN THANKS SERVICES

One of the largest Thanksgiving congregations in years united to worship, to give thanks and to participate in the service which featured a sermon by the Rev. John Leatherman, minister of the Alpine street Mennonite church. Yesterday's services were held in the Upland Methodist church.

This was Rev. Leatherman's first appearance at a union service in Upland and he delivered an inspiring sermon on the general theme of Thanksgiving and emphasized that "being thankful must be a personal attitude."

"If we are truly thankful it will show in our every action and every deed—our fellowmen will know we worship and thank God without being told," he declared.

He spoke from the text: "Enter His Gates for Thanksgiving and Into His Courts with Praise."

The opening hymn was "Come Ye Thankful People, Come." Rev. Earl Salzman, pastor of the Upland Mennonite church, delivered the invocation and the Rev. Samuel Hughes of the Methodist church lead the responsive reading.

"Thanks Be to God," and the men's quartet of the Methodist church appeared in "Jesus For Me."

Join In Nationwide Bible Reading

All Upland churches and pastors are urging Upland residents to regularly read their Bibles every day between now and Christmas.

By a nationwide canvass of ministers and chaplains 33 passages considered to be the most helpful in times like these have been selected to be read in the 33 days from Thanksgiving to Christmas. Those on the battlefronts and their people at home in thousands of cases will be reading the same passage each day. This will help to establish between them a spiritual bond which knows no limits of distance.

We all need the messages of the Bible in these days of stress. A home front emmphasis on Bible reading can well be considered an essential part of keeping faith with our men on the fighting fronts.

CITY PLANNERS LOOK TO FUTURE

"The City of Upland Is Planning for the Future" is the title of an article recently written by Richard A. Ibanez, a member of the city planning commission and the city council and one of the most aggressive leaders here in the effort to stimulate public interest in municipal planning.

"It hopes to guide the inevitable changes that will take place," he said relative to the commission's plans. "It hopes to preserve for tomorrow those things in the community that are considered beautiful today; it hopes to make attractive for tomorrow those things that are not considered attractive today. In short, through planning, it hopes to retain and add to those things which make the community an attractive and desirable place in which to live."

MANY PLANS

"The plans which have been considered are many. They range from projects which can be and must be carried out immediately following the war to more ambitious projects which can never be completely realized, but only approximated."

He suggested that the zoning laws must be flexible—and modernized.

Zoning in the area immediately outside the city limits is also vital, he pointed out, and reported that the county planning commission is making a study of this problem.

"There are plans now for the construction of a freeway from Los Angeles through this community," he continued. "It is of deep concern to the city where the freeway will be located . . . for the zoning laws must take it into account to control and guide the growth near it."

CIVIC CENTER?

He asked this question: "Should the community have a it be and what buildings should be constructed in it?"

Means of beautifying the city is another problem being studied by the commission.

"Impressions of a community are often made by the appearance of the business district," he continued. "A plan that could be carried out in the near future that would not entail large expenditures would be one providing for uniformity — a uniform pattern of store fronts, signs and awnings.

"Upon taking an inventory of all the things that must be done to have an orderly development and growth of a city, the planning commission finds it essential to obtain the services of one technically trained," he declared. "Such a person could save the city many pitfalls and thousands of dollars."

Three points were awarded the winning golfer on the first nine holes, three for the winner of the second nine and three to the winner of the match. Mr. Brady, shooting 46 out, was second high, came back in with 38 for the best score and his 84 was low and winning for the match.

The Rotary club members showed their appreciation by presenting him a rare gift these days, two cigars.

A Prayer

Across the world the sound of shells has ceased . . .
And quiet shrouds the battle-rubbled West . . .
The enemy has laid away his arms, and Death and Pain are done in France.
But I go on . . . for I must fight and kill . . .
And work and sweat . . . and hide and run . . .
For *here* the enemy is very much alive . . .
His bullets still are made of lead . . .
Their angry whispers still foretell of sudden death
For me and others crouched in slime and mud . . .
The end for *us* is yet to come . . .
And so we pray to God to give us strength
To fight and win . . . without the waste of Time . . .
And with His Will . . . to see our homes again.
